

I am horrified by the Orwellian attitude of Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election. This is the kind of thing that should only happen in China and in the former USSR.

My understanding is that Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But instead what they are doing is serving the GOP and everyone should be outraged.

We must stop this before it's too late—this path we're on is a slippery slope toward a very bad future.
